MEMORANDUM FOR THE RECORD

25X1C
25X1A

I responded by telephone today to Mr. Gilbert R. Levy regarding his attached memorandum to the Director of CIA (Mr. Sheffield Edwards) Subject: "UNKNOWN SUBJECT (S): Unauthorized Disclosure and Publication of Information Classified [redacted]"

[redacted]

In effect, my response was to cite the substance of my memorandum for the record on this subject dated 29 May 1961.

25X1A

Mr. Levy said that the report by [redacted] that the Air Force had agreed to conduct the investigation in this case was not quite accurate. Mr. Levy said that the FBI had asked the Air Force what they were doing about the case. The Air Force said that, in view of the delay in resolving this question, they had proceeded with the investigation on their own.

Mr. Levy expressed appreciation for my response to his inquiry and said that my telephone call would suffice as a reply to his memorandum.
